

45Watts / 4000 Lumen LED Light

LED illumination is the way for a cost efficient, reliable and long life solution for all kinds of illumination in high speed imaging. AOS is offering suitable lights for specific applications. These lights have been tested with AOS cameras and are recommended by AOS. This economic LED light fits general purpose illumination requirements for many setups.

LED Power :	15 LED / 3W each total 45Watts
Color :	Color temperature: white, approx. 6000°K
Light output :	Approx. 4000Lumen, continuous
Operation Voltage :	DC 10-30V / 50 Watts
IP rating :	IP67 certified
Beam:	90° flood light
Size:	145 (w) x 48 (h) x 78mm (d)
Mounting:	UNC 1/4" for tripod mounting, 4 x M5 for general mounting
Complies with:	CE, IP67
Operation temp:	- 40°C to approx. +50°C
Life time:	> 3000hrs
Connector:	3-pin connector, female, View solder side

Pin 1: GND
Pin 2: N/C
Pin 3: +VDC

- Shipment includes:
- LED light with connector
 - Power supply 110-230V/24V with mating connector on secondary site
 - No AC power cord included
